

# Galaxias Series LED Strips

Aesthetic/Excellent light/Lowest price/Genuine

Model. 产品型号	CCT 色温 [K]	No. of LEDs/m 等珠数量	Power/m 功率 [w]	Voltage 电压 [v]	Beam Angle 发光角度	Lumen/m 流明 [lm]	Dimmable 调光类型	Dimensions for IP50 灯具尺寸 [mm]	Dimensions for IP65 灯具尺寸 [mm]	Dimensions for IP67 灯具尺寸 [mm]
5050SMDs	RGB	60	7.5W ± 10%	12v DC	90°	620-640	Yes	10*1.5	10*2	12*2.5
	Single colour 2700-6500 (WW, CW, DL)						No			
3528SMDs	Single colour 2700-6500 (WW, CW, DL)	60	4.8W ± 10%		90°	240-300	No	8*1.5	8*2	12*2.5
		120	9.6w ± 10%			450-550				
355SMDs Side-Lit	Single colour 2700-6500 (WW, CW, DL)	120	9.6w ± 10%		60°	450-525	No	8*1.5	8*2	12*2.5

\*WW(Warm white: 2700 - 3500K), CW(Cool white 4500 - 5500K), DL(Daylight: 6000 - 6500K)

\* IP68 (LED Strip in silicon tubing completely filled with Epoxy Resin Gel) available upon request

\*24v DC LED strips available upon request

## Product Introduction 产品介绍

Galaxias LED Strips uses high quality LEDs from Taiwan and is subjected to strict quality controls during its production. Our methods will ensure high brightness and uniform colour across the strips. The strips can be made to IP50, IP65, IP67 and IP68 depending on user's requirements. Using high quality epoxy resin, the flexible LED strips can be bent easily without breaking. Lastly, our attractive and low prices guarantee a bargain for all our customers!

## Features 产品特点

- Smooth and comfortable light effect
- High Brightness and uniform colour
- Flexible to bending and long lasting
- Double layer copper PCB base for long lifespan
- Attractive and low prices
